We are currently contracted to perform a Phase I Environmental Site Assessment (ESA) which includes review of available records regarding pollution/contamination incidents that may have occurred on or in the vicinity of the property located at 850 West North Avenue in Baltimore, Maryland 21217 (the "target property").

Under the Freedom of Information Act, I would like to request regulatory records published for the target property in order to search for information you may have regarding air, land, or water pollution incidents, including:

- Chemical or Petroleum releases
- Underground Storage Tanks (USTs)
- Aboveground Storage Tanks (ASTs)
- RCRA Generators
- Asbestos or lead paint information
- CERCLA or Superfund haz-waste sites

Thank you very much for your time and consideration. I would appreciate your permission to review this information as soon as possible. If the costs related to this file review will exceed \$25, please contact me. If you have any other questions, please do not hesitate to contact me at our offices at (410)-893-9016 at any time, or you can email me at swicker@cemscience.com.
